Hello liam

I've been following your campaign for a little whilst and must congratulate you on your efforts I know from first hand the amount of energy it takes to fight for the rights of children to see their dad. On 1st march I was awarded 40% overnight staying contact with my children which was only granted after 3 and a half years of trying and 3 "final Court hearings. It was until the courts decided to take notice of the independent school reports and the frank expressed wishes of the children backed up by my evidence of communication that they decided to improve the level of contact. My children are much happier now so I would say to those going through it it is worth it in the end. You may wish to draw your supporters to a website I created which is based on real experiences of men I know

Best wishes

> Thanks for taking the time to write to me and a very special thank you to those of you who gave me their No.1 vote in the recent Meath Bye-election. b A 500 to 1000 first preference votes in every constituency for Fathersb Rightsb is the target set when we announced the launch of the new b Fathersb Rights Partyb at the Meath Bye-Election count in Navan.
